

# The Organ Spiel

NEWSLETTER FOR THE SIERRA CHAPTER OF THE AMERICAN THEATRE ORGAN SOCIETY

The four-manual twenty-one rank theatre pipe organ at Grant Union High School was installed over a period of one year from 1938 to

1939. Pipe work and chests were obtained from theatre organs in Redding and San Francisco, California, and Reno, Nevada. The best parts were used to assemble the organ by students under the direction of Fred Wood, an organ builder from Oakland. The new Grant organ was presented to the public in a recital by Emil Martin, Howard Scott, and George Wright on December 8, 1939.

## CONCERT

## NOVEMBER 2009

### 12TH ANNUAL

## GEORGE WRIGHT

## MEMORIAL CONCERT

**GRANT UNION  
High School**  
1400 GRAND AVENUE  
SACRAMENTO

**SUNDAY,  
Nov. 15th  
2:00 PM**

## GUEST ARTIST:

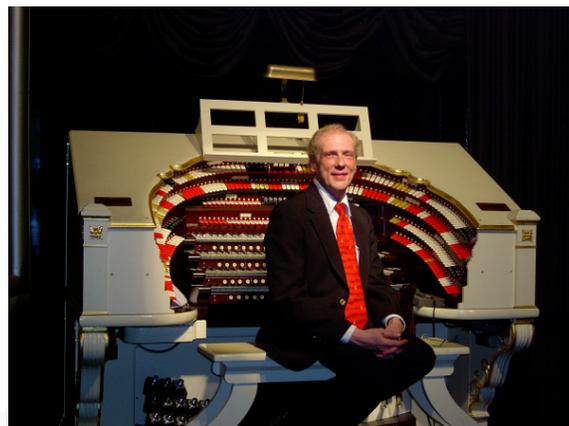

## CHRIS GORSUCH

Chris Gorsuch began formal studies on the organ at age fourteen. He was soon playing for several different churches in his home town of Springfield, Ohio. At twenty, Chris moved to San Diego, California, to become a staff organist for the Organ Power Pizza restaurant chain. One of the instruments that Chris played was the famed five-manual Reginald Foort Traveling Moller Theatre Pipe Organ, now installed at the Pasadena Civic Center. While playing for the restaurant, Chris became a student of Lyn Larsen. Chris gained invaluable knowledge from Lyn in the areas of registration and phrasing.

Having a fascination with electronics, in 1979 he formed his own company with the purpose of designing and manufacturing electronic systems for pipe and electronic organs. His company has created many new and innovative products including digitally sampled sounds and computer software. Chris is also a sought-after voicer and tonal finisher. He feels as much at home in a pipe organ chamber as he does on the bench playing the finished product. He has been the tonal finisher of several major instruments in the United States.

Chris also functions as a recording engineer and has been responsible for recording and mastering a number of CD's released by several major artists. Developing new arrangements, concertizing, recording, improving the sounds of both electronic and pipe organs and running a business make for a very interesting life. In all of this, Chris has demonstrated a remarkable capacity to strive for excellence in a demanding profession; chosen Organist of the Year in 2008.

In 2008, the American Theatre Organ Society presented Chris with the prestigious Organist Of The Year award. Do NOT miss this consummate professional at the Grant concert!

# PRESIDENT'S PERSPECTIVE – CAROL ZERBO

Great fun at Cal Auto Museum on October 23. *Mr October*, **Paul Quarino**, played *Dr. Jekyll and Mr. Hyde*. We had a good-sized crowd, which is always the case for our October feature. I hadn't seen the movie before. John Barrymore, profile and all, was amazing in his ability to change his face, without the use of makeup, from character to character. Maybe he has come back as Jim Carrey.

I must offer a big "thank you" to everybody who works so hard to make our silent film nights a success - **Tom Norvell**, our gourmet popcorn maker, **Troy Killorn** and **Jim Leach**, who keep the drinks and candy flowing. **Sherry Clifton's** smiling face is the first one people see when they open the doors and **Dave Sauer** sees to it that we make a little money for Sierra Chapter. Hard-working **Terry Clifton** is always ready to sign up new members and **Barbara and Beverly Harris** help people review ATOS history with Journals and LP records. Movies don't happen unless we have projectionists and **Dr. Bob Barrett** kept the film rolling on the 23rd. This is no easy task - Bless you, Bob! Of course, a silent

movie really is a silent movie without the instrument that provides the sound and fury. As always, **Dave Moreno** makes sure the Mendenhall organ is up to the task. And the one person who was EVERYWHERE on Friday, **Craig Peterson** - talent procurer, crew chief, head janitor and he was still smiling at the end of the evening. You guys are the BEST!!

Of course, an appreciative audience makes it all worthwhile and when the media acknowledges our efforts and tells the public about us that is a real boost. Such is the case when Mary Jane Popp interviewed movie aficionado **Matias Bombal** on her KAH1 radio show, Popp Talk. Then Kitty O'Neil reminded her drive-time listeners about us on Friday. Thanks ladies! We appreciate the press!

I know our front page features this but, I hope November 15th is highlighted on everyone's calendar. I look forward to seeing y'all at Grant High School then.

If you have Sunday, November 1st free, why not hop on over to Berkeley and hear Scott Harrison and Mark Page on the organ and piano? This time, AMTRAK might come in real handy since the bay

bridge is shedding its parts. Come on - be adventurous. It's fun!

Speaking of fun, frequent AM-TRAK traveler, **Dave Sauer**, is our newest

Allen Organ owner. Dave couldn't resist a new Quantum 2 manual Allen theatre organ.

Congrats Dave - happy playing!

More fun -- If anyone hasn't made plans for Thanksgiving weekend, go to ATOS' website and check out the **Regional Convention** in Birmingham, Alabama from Friday through Monday after Thanksgiving. The friendly folks in Birmingham have lined up some great artists to play "Bertha". She has been recorded by quite a few organists and I'm sure she'll be in fine form. I believe six or so Sierra Chapter members are going so -- y'all come!

See you at Grant and Happy Thanksgiving to all!

Carol Z
